Personal History Interview

Personal history interviews are ordered by the underwriting department for all applications with benefit amounts exceeding \$250,000. Please inform every applicant that he/she may receive a phone call regarding an interview.

Backdating Policy Issue Date

Assurity will backdate the policy issue date six months prior to application's signature date to "save age" (i.e. allow for a lesser age to qualify for a lesser rate). However, Assurity will not backdate the policy issue date to "save eligibility" (i.e. allow for a lesser age to meet eligibility requirements).

Financial Underwriting Guidelines

Bankruptcy

Consideration of financial stability is an important part of the underwriting process. No coverage will be considered if bankruptcy is ongoing or pending, and until bankruptcy is discharged.

All other financial underwriting guidelines are available on AssureLINK at <https://assurelink.assurity.com> in the Product Center for this product by accessing the Product Specifications page and selecting Financial Underwriting Guidelines in the resource section.

Medical Underwriting Guidelines

Non-Medical Limits and Exam Requirements

Upon completion of the application, arrangements should be scheduled to fulfill underwriting requirements indicated on the chart below. When using the chart, please note the following:

Age

All age calculations should use the age last birthday

Amount of Coverage

- To calculate the amount of coverage used in determining underwriting requirements, add up the total amount of life coverage applied for on this application and pending, including term riders, plus other insurance in force with Assurity over the past two years and excluding any group insurance, Acci-Flex Accidental Death, NonMed Term 350, and Simplified Whole Life.
- For the **Value Enhancement Rider (VER) – Single**, if the "net amount at risk" (i.e. the amount of coverage provided by the rider minus the premium for the rider) is less than \$10,000, do not add it to the amount of in-force or applied-for coverage in determining examination requirements. If the net amount at risk is more than \$10,000, add that amount in determining examination requirements.
- For the **Value Enhancement Rider (VER) – Periodic**, if the annual periodic premium is \$500 or less, add \$2,500 to the amount of in-force or applied-for coverage in determining examination requirements. If the annual periodic premium is more than \$500, add \$5,000 in determining examination requirements.
- If applying for coverage on a juvenile (ages 0 through 14), at least one parent must carry twice the child's current in-force coverage plus the applied-for amount.
- Personal history interviews will be required on cases above \$250,000.

Non-Med or Exam

- In the Exam Limits Chart, “Exam” means paramedical exams.
- Applicants through age 65 applying for benefit amounts above \$2,000,000 are required to have visited a physician within the last two years; Assurity will obtain medical records. If the applicant has not visited a physician within the last two years, Assurity may require a medical exam with a physician at the underwriter’s discretion.
- Applicants above age 65 applying for benefit amounts above \$500,000 are required to have visited a physician within the last two years; Assurity will obtain medical records. If the applicant has not visited a physician within the last two years, Assurity will require a medical exam with a physician.
- If a TeleApp is completed, or if all questions on the application are completed, Assurity can waive the paramedical exam and use an abbreviated exam in which the paramed records height, weight, blood pressure and pulse.

Urinalysis (UA) and Electrocardiogram (EKG)

- If required, included in paramedical exam.

Blood Requirements (BLD)

- To qualify for preferred underwriting classification, a full blood profile must be completed.
- Tobacco and Non-Tobacco Preferred classes require a fasting full blood draw; a dried blood spot (DBS) is not acceptable.
